KEEP US SAFELY & HAPPILY AT HOME

Because most people now live in cities and suburbs with busy roads, and people, pets and wildlife all wanting their own territory, cats and dogs can no longer roam freely around the neighbourhood. Also we need to keep wildlife safe.

Cats - Keep us indoors, with a clean litter tray, a tall scratching post, high places to sit and look out, and interesting places to explore, plus, if you can, a fully outdoor enclosed area like a deck or courtyard that we can enjoy together.

Dogs - We need to share your life both indoors and outside, not be stuck outside by ourselves all day and night. A safe escape-proof fenced area away from the pool is essential, and will allow wildlife to move through some of your yard unharmed.

= Zero euthanasia

Until everyone does

Promote these 4 solutions to every dog and cat owner you know

Inform your Local & State Government that we need Preventative Laws:

- All cats and dogs desexed & microchipped prior to sale (unless to a holder of a breeding permit)
- Compulsory Codes of Practice for all breeders and sellers of companion animals

IT'S NOT A GAME!

We all deserve the chance to live!
Yet over 200 000 healthy cats and dogs are euthanased every year in Australia simply because there are not enough responsible homes

WE NEED YOUR HELP TO END THIS TRAGIC WASTE OF LIFE.
