

ANIMAL WELFARE LEAGUE OF QLD INC

CLINIC DIRECTOR - North Gold Coast Location

About AWLQ

The Animal Welfare League of Queensland Inc. (AWLQ) is a Not for Profit that operates one of the largest Rehoming Organisations in Australia. We are a leader in the welfare industry with the “Getting to Zero” initiative and care for over 14,000 animals each year, with over 180 employees across 5 sites, including 4 Rehoming Centres and 2 Community Vet Clinics in South East Queensland.

Our Community Vet Clinics offer a full range of veterinary services to the public and we have a dedicated team of professionals that have their community and pets at the fore.

Our clinics promise to never turn away an animal that is sick or suffering, irrespective of an owner’s capacity to pay for treatment. We provide financial support to clients for emergency and urgent treatments and we don’t means test, meaning all members of the community can access our services. By providing individual support for each of our clients we are able to avoid euthanasia or surrender and keep families and their pets together!

The Role

We are searching for a leader extraordinaire, who is an experienced veterinarian to join our team in a clinical and leadership role located at our Gold Coast Community Vet Clinic.

The Clinic Director is a critical part of the management team, making collaborative decisions focusing on successful outcomes for the organisation, its employees, customers and community.

The position requires the vet to be responsible for setting the professional standards of care, and have the ability to implement animal care policies and practices across the business, manage staff to ensure a high level of customer service and patient care and develop and implement business strategies to maintain and grow the success of the clinic.

The Person

The role offers the right candidate an exciting opportunity to lead the way in developing the clinic and its team. You will have an enthusiasm for business and would be supported and encouraged to use initiative, expertise and innovative thinking to achieve practice goals.

- Previous experience in management, leadership, operational management and budgets will be highly regarded
- Management of business activity
- Management of initiatives and projects
- Ability to impact and influence people to achieve positive outcomes
- Ability to lead and develop people
- Ability to build effective relationships with both internal and external stakeholders.
- Strong communication skills: both verbal and written
