School Holiday Activities Program

About Animal Antics

Animal Antics is a one day school holiday program for children 6 - 10 years old. The program offers a range of animal related activities that are designed to be fun and hands-on while also teaching children responsible care and respect for animals.

Program Overview

The one day program runs on specified days from 9:30am - 2:30pm on the school holidays (refer to Registration Form for program dates).

The number of children in the program is capped at a maximum of 30 per day, so as to allow for small group activities and quality instruction and supervision. A minimum of 10 enrolments is needed for the program to run (please see the Payment Form for details).

Throughout the day, children work through a range of structured, hands-on activities related to the care of companion animals. Children do a combination of small and whole group activities, which includes some supervised contact time with our animals. Children also have the opportunity to get a 'behind the scenes' tour of the AWLQ Rehoming Centre.

Children will receive a 'take-home' pack at the end of the day that includes a bookmark, colouring sheet and magazines.

PLEASE NOTE: Drop off time at the AWL Education Centre strictly no earlier than 9:15am and pick up time no later than 2:45pm.
