### **About us**

The Animal Welfare League of Queensland Inc. (AWLQ) is a Not for Profit that operates one of the largest Rehoming Organisations in Australia.

Our unique Community Vet Clinics offer a full range of veterinary services to the public and promise to never turn away an animal that is sick or suffering, irrespective of an owner's capacity to pay for treatment. We provide financial support to clients for emergency and urgent treatments and we don't means test, meaning all members of the community can access our services. By providing individual support for each of our clients we are able to avoid euthanasia or surrender and keep families and their pets together!

### **How to apply**
